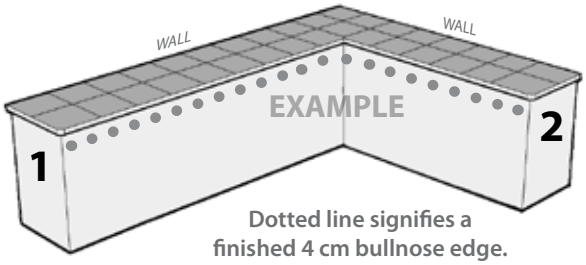
L-SHAPED COUNTER

4’ x 11’ / 11’ x 4’

Your kitchen layout and component totals depend on which edges of your counter either have a 4 cm finished edge or meet a wall/appliance. Edges are numbered in the image at right. **All examples show standard 24” countertops with 90 degree installations.**



STANDARD LAYOUT (NO EDGES 1 & 2)

Only front edges are finished; all others meet a wall.
